The activities of the South Australian Branch have largely been centred around preparations for the Biennial Conference to be held in Adelaide in August 1987. A sub-committee has, however, been doing valuable work on mediation in crime prevention and on the vexed question of child abuse.

QUEENSLAND

Pressure of other duties upon the office bearers of the Queensland Branch has led to that branch having a very quiet year. It is hoped that offers of assistance will soon be forthcoming and that the branch will soon resume normal activity.
