

## New Forms for Darwin City Council

The Darwin City Council advises that for some time, it has been experiencing problems with Notices of Transfer from various solicitors (and conveyancing agents)

These difficulties usually occur as a result of insufficient information on the forms. This creates a situation where the Council is obliged to chase up necessary data to ensure that it has the most up-to-date information.

To overcome this situation, the Council has designed a Notice of Transfer form that indicates the type of data required.

Darwin City Council Revenue Supervisor, Heather Ertekes has asked that this form be used in future.

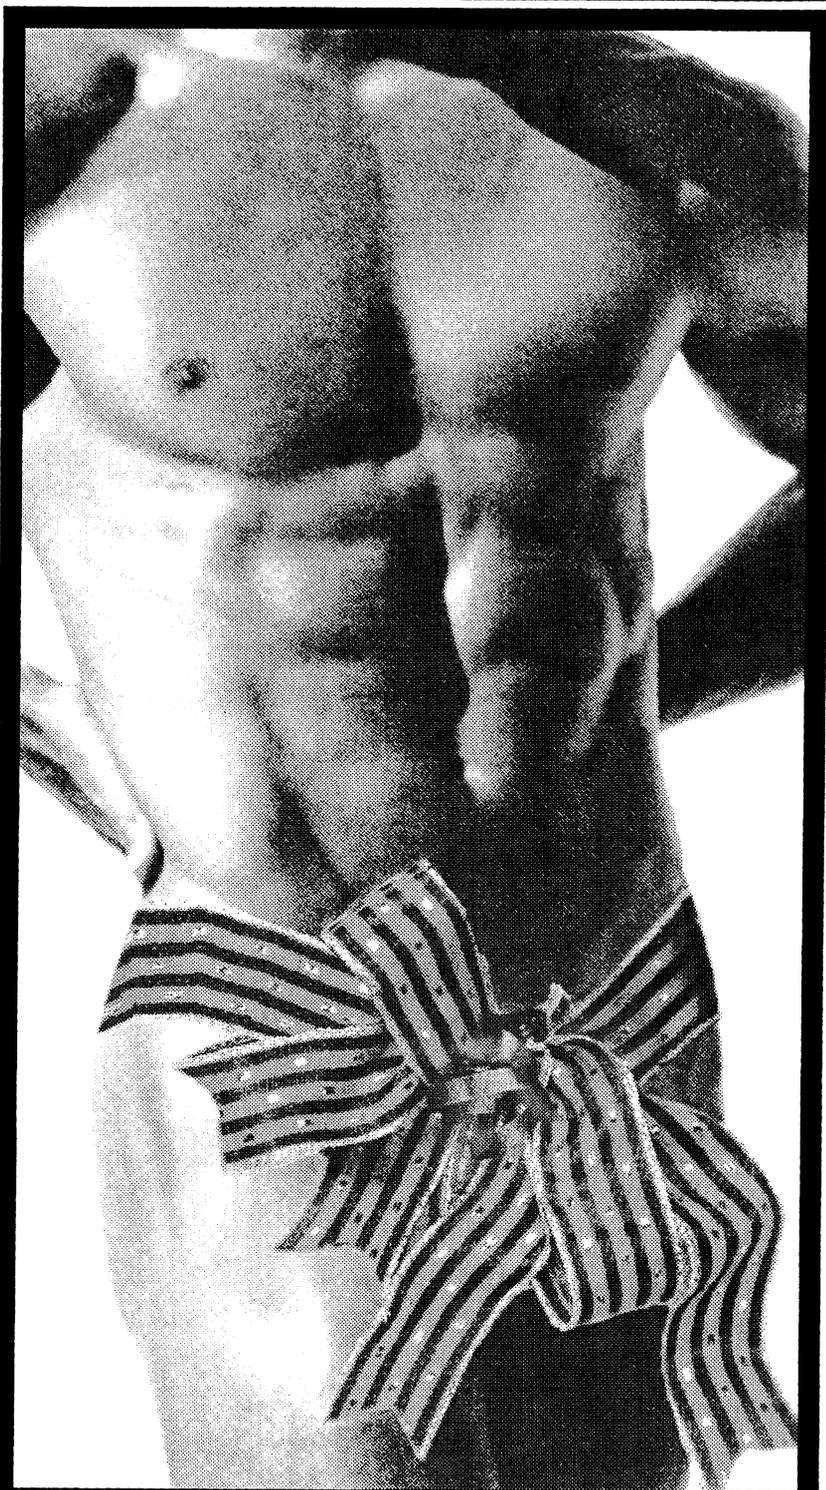

In addition, the Council has designed a new form for *Request for Information from the Rate Book* (Search form) and has requested that this also be used in conveyancing matters.

The Law Society has a copy of both these forms and will supply a photocopy on request.

For any further queries Heather Ertekes can be contacted on telephone 8982 2575.
