DARWIN FAMILY COURT REGISTRY

The Law Society has received a response from the Hon. Daryl Williams Federal Attorney-General on receipt of our letter expressing concerns about the possible closure of the Darwin Family Court Registry.

The letter disclosed that alternative options for the maintenance of existing Commonwealth court facilities in Dar-

win are currently being examined. The Northern Territory Government is assisting the Commonwealth in that regard. The Family Court is planning to maintain existing facilities in Darwin and there has been no decision taken to close the Family Court Registry.

This is good news for family law Practitioners.

CENTRELINK

The Law Society has copies of the new Centrelink kit for compensation professionals - Ignorance Equals Risk (a guide to the rules of compensation and Social Security payments) The kit has a supply of customer pamphlets for distribution to clients about the free estimate service.
