## LIBRARY NEWS

**General** – the inquiry phone numbers for the library is 8999 6585 (Darwin) and 8951 5707 (Alice Springs). The opening hours for the libraries are 8.30 to 4.30 Monday to Friday.

**Auditron** - The new Auditron for the Darwin library has been installed and all pin numbers are being changed as a security measure. All firms have been asked to supply a number of between 4 and 8 digits long. Quite a few have responded already; thank you. The old numbers will not work on the new auditron as they have been deactivated so you will need to take action before you need to photocopy. Remember to use a combination which is unlikely to happen by chance, to reduce the likelihood of someone else finding out the number.

**Photocopying** - Please note that library photocopying charges have increased to 60c per page.

**Access to the library** – We have been asked to remind practitioners that access to the library is only available to legal practitioners and visiting counsel admitted to the court; articulated clerks whose articles are registered with the Master are also allowed access. Security will be monitoring more closely requests for access to the library.

**CDROMS** - The full CD Tower is once again functional. The titles available on the Public PC in the Darwin library include:

- Casebase (Case citator)
- Butterworths Unreported Judgments
