

COURT LIBRARY NOTES

ELECTRONIC INFORMATION

The library committee is organising to phase out the CDROM titles from Butterworths and Thomsons (LBC) and subscribing to them via the Internet instead. It is hoped, by doing this, to reduce the problems we have been experiencing with the CDROM access. Users within OCA will be issued with a password; external users will have access from the public PCs in the Alice Springs and Darwin libraries.

There will still be a few titles available on CDROM.

More details of the titles on CDROM or Internet will be available early in December.
