

# 2008-2009 Law Society Council declared at AGM

The 2008-09 Council of the Law Society Northern Territory was declared at the Law Society Annual General Meeting (AGM) on Wednesday 15 October.

The AGM was relatively quiet, with no voting taking place due to there being the same number of eligible nominees as there were vacancies.

During the President's Report at the AGM, Duncan McConnell provided a Professional Indemnity Insurance (PII) update, and Alastair Shields gave a short presentation on how the Funds Management Committee is handling the global financial crisis.
