NTWLA 2014 Christmas Drinks

It was with great pleasure that NT Women Lawyers welcomed SUZAN COX QC, Director of the Northern Territory Legal Aid Commission as guest speaker at our Christmas Drinks on 11 December 2014. Suzan directed her words to young lawyers by recounting the history of her legal career (which included a stint in Port Moresby), encouraging them to take chances with their career choices. Suzan spoke plainly of her concerns about the aggressive attitudes and lack of professional courtesy of some members of the profession. She queried the necessity and effectiveness of such conduct and urged young lawyers to instead maintain professional standards in their dealing with other practitioners.

Thank you to our members, colleagues and distinguished guests whose attendance made this a very enjoyable and festive event. ●
