About ACCESS

IN 1982 ACCESS (Architects Construction and Consulting Engineers Specialist Services) has entered a period of change.

Since 1971, Stanton Library, North Sydney has co-ordinated the group's activities. Over this period ACCESS has grown in size and developed in scope. Recently, the group considered it appropriate that the concept of centralised co-ordination be changed to one of wider participation by members.

At their meeting in April, members therefore adopted a formal set of guidelines for ACCESS and elected a Management Committee for 1982 to facilitate the smooth running of the group. Stanton Library will provide a Liaison Officer as part of this committee, thereby continuing its interest in the group and offering its support where necessary.

Meetings are held regularly and membership (by annual subscription) is open to all who are interested in the aims of the group.

Enquiries and suggestions will be welcomed by members of the Management Committee Convenor, Sue Keyes, Water Resources Commission, (02) 922 0666; Secretary, Gayle Boardman, (02) 29 4422 or after hours (02) 888 5752; Treasurer, Josie Taylor, Dravo Australia, (02) 439 4666; Publications Officer, Tessa Sholl, McDonald Wagner & Priddle, (92) 929 5599; ACCESS-Stanton Liaison, Belinda Weaver, Stanton Library, (02) 920 5889.

Report from A/V Committee

THE AUDIOVISUAL SERVICES Committee of the Library Association of Australia met at the University of New South Wales Library on 18 May 1982.

The Committee continues to be involved in a number of projects including the Code for Inter-Library Loans of Nonbook Materials, the National Bibliographic Control of Nonbook Materials and Copyright.

Late in 1981 the Committee prepared an extensive submission on Copyright in Nonbook Materials which was submitted to the Attorney-General of the Commonwealth of Australia by the Library Association of Australia. A paper presently being prepared by the Attorney-General's Department on Copyright in Nonbook Materials is expected to be available for comments in the near future and the Audiovisual Services Committee will be preparing a response to it.

Two major projects with which the Committee is currently involved are the Development of Guidelines for Publishers on the Packaging of Nonbook Materials and the Preparation of Guidelines for the Development and Use of Collections of Video Recordings in Public Libraries. A Working Party, chaired by Mr. Stephen Doyle (a member of the Committee), has been established and comments on this matter would be welcomed, and should be sent direct to Mr Doyle.
