

COMMONWEALTH ASSISTANCE FOR PUBLIC LIBRARIES CAMPAIGN

A meeting of State Campaign Co-ordinators was held in Sydney on August 7.

The meeting discussed a number of general issues such as the focus of the campaign and then went on to examine the draft submission which is to be sent to the Government.

Co-ordinators were provided with lobbying kits containing material which will be useful for the campaign in each state. In addition, the possibility of seeking advice from a professional lobbyist is to be investigated.

A submission outlining the case of Commonwealth Government assistance for multicultural library services in public libraries is to be sent to Federal Members of Parliament at the end of August. A separate submission presenting a case for improved library services for Aborigines will follow.

A letter is to be sent from the National Co-ordinating Committee for the Campaign to all local government bodies, regional librarians and Local Government Associations informing them about the campaign and enclosing a list of State Co-ordinators and a summary of the campaign submission.

For further information about the campaign any of the following people may be contacted:
