BITUARY

「homas Charles Friffitt

embers of the Australian library community ill be saddened to hear of the death of Tom riffitt in Canberra on 4 November 1985.

Tom was born in Tasmania in 1935. He held Bachelor of Arts degree from the University f Tasmania, the LAA Registration Certificate nd later gained a Diploma in Public Adminisation from Canberra College of Advanced ducation. He began his professional career at ne University of Tasmania as a cataloguer and as subsequently in charge of government ublications from 1962-1966. Tom was appinted as Senior Specialist Librarian in the raining School at the National Library of ustralia at a time when it was providing lecires for the Registration Certificate. He beame Director of Training in 1971 and ontinued in that post until his retirement on edical grounds in 1979.

After his retirement, Tom was a familiar figre at the Australian National Gallery and tught photography at the AME School and at earce Primary School.

As head of the Training and Liaison Service ection, Tom presided over the transition from ormal profession training to training for lib-

rary staff as a whole. He was responsible for the development of a program of continuing education for the professional staff which in terms of excellence has not been matched since. Papers prepared by staff for this program, especially those describing the history and strengths of the library's collections, are still regarded as authoritative documents. Training packages for Assistant Library Officers were developed on behalf of the Public Service Board to train clerical staff to perform the technical jobs of library officers. Staff from other departments used these successful audio-visual packages.

Tom was particularly interested in the applications of audio-visual technology to training and did pioneering work on the use of closed circuit television for trainers.

Involvement in the International Training Programs for librarians organised by the Australian Development Assistance Bureau created an interest in the Pacific region, especially in library services, an interest which developed into long-term contact with Fiji and Fijians. Tom has provided personal support for many Fijians, especially students, living in Canberra.

During his career, Tom Triffitt trained many people at a variety of levels. His interest in young people and his ability to get on easily with them were elements of his success. He will be sadly missed.

BITUARY Rodney East

odney Vernon East, Chief Librarian of the oarlunga Library, died suddenly on Sunday April at his home. His death shocked his amerous friends and colleagues in public oraries, in TAFE, and in the local communy, and removed from the library scene in outh Australia a librarian of rare quality and dividuality.

Rod East began his career in the State Libiry of South Australia, subsequently moving Sydney, where he took his BA degree, and ien to Papua New Guinea. After seven years librarian at the Administrative College, Port oresby, he completed a Master's degree at ie College of Librarianship, Wales, before reirning to Australia in 1979 to the position of AFE Regional Librarian at Lismore, NSW. In 981 he came back to Adelaide, spending a ear as a lecturer in library studies at Hartley AE before taking up his position at oarlunga.

As the first Chief Librarian of the largest int-use library in Australia, Rod succeeded, ithin a very short time and with the able sistance of a dedicated and devoted staff, in eating an outstanding service. Within four ears of its opening, the Noarlunga Library has come one of the busiest service points in the ate, with more than 100,000 items in stock, yer 33,000 registered borrowers, and some 100,000 loans a year.

Despite his heavy work load at Noarlunga, of found the time for active participation in rofessional affairs, being at various times a ember and Treasurer of the SA Branch buncil of the LAA, a member of the Execuve of the Chief Librarians Association of SA, and a member of the AACOBS State Commitee. He played a leading role, as chairperson the Steering Committee, in promoting the incept of a Public Libraries Automated Infraction Network (PLAIN), which has gained rong support in principle from the Libraries bard and the State Library Executive. In adtion, he was Secretary/Treasurer of the ustralian Dataphase Users Group, a member

of the Committee of Review of the Crawford Report on library services in SA, and an office bearer in the Municipal Officers' Association.

As a member of the Noarlunga Library Management Committee from its inception, I came to know Rod well, both as a friend and as a librarian committed to the pursuit of excellence in everything he did. I admired the persistence with which he fought for the resources he believed to be essential if the library were to meet the ever-increasing demands made on it; at the same time he displayed a sureness of touch in 'managing' the Committee itself, knowing by instinct and experience when to press his point and when to give in with good grace. His lasting monument will be the service he built.

His sudden death is a great loss to the library staff, to the Noarlunga College and to the community which he served so well. The large numbers attending his Memorial Service attest to the high regard in which he was held. To his parents and his partner Marie, and her children, we offer our deepest sympathy.

Tony Brown

The Search Is Over

Pergamon INFOLINE is pleased to announce another round of training courses for their online information retrieval service. There will be two courses, an Introductory Course for new users, and a course for Experienced users who need to review current developments on the system.

CANBERRA

Introductory — Monday 26 May Experienced — Tuesday 27 May.

SYDNEY

Introductory — Thursday 29 May Experienced — Friday 30 May.

DARWIN

System Seminar — Saturday 5 July.

Courses will run from 9.30am to 4.30pm with a break for lunch. Morning and afternoon tea will be provided. Attendance will cost \$150 per day or \$200 if both courses are attended. Course venues will be announced once bookings have been received. For more information and bookings please contact:
