

# WHO'S WHERE

**Gayle Villaume**, BA(LS), AALIA, ARMAA, has been appointed to the position of General Manager, SAZTEC Information Services Pty Ltd.

Gayle has been with SAZTEC for several years, specialising in the conversion of library records into computer processing format. Her experience and expertise have seen Gayle involved in many facets of the company's operations, and her present management studies have given her a broad understanding of business principles and practices.

**Helen Hansen**, recently retired from Toowong Library, is now looking after Employment in Queensland Libraries (EQU).L).

EQU.L is a completely voluntary service supported by the Queensland Branch Council, which offers its services without fee. It is dependent on donations from satisfied clients. The more widely it can be used, the more effective it will be.

Helen is willing to speak with groups who think this would be useful. Feedback is much appreciated. Updated brochures will soon be circulated as widely as possible to prospective employers and job seekers.

Contact is made by phoning the answering service, telephone (07) 357 5877. Helen says the machine is checked every day and every effort is made to give prompt and efficient service.
