

Another successful year

Health libraries Section, Victoria

On 9 December 1994 in the historical and elegant setting of the Melbourne Room, Melbourne Town Hall, 60 members of the Health Libraries Section in Victoria gathered for their Annual General Meeting and Christmas celebrations.

A highlight of the evening was the presentation by Sue McKnight (Victorian Branch President), of the first ALIA Victorian merit award to a very surprised Enid Meldrum. The award citation detailed Enid's excellence in library services, her dedication to the profession and ALIA and her unsurpassed role as a friend and mentor to so many colleagues.

Lisa Belkin, president of the Section, told of the increase in membership in 1994, and the role that the Section played in the organisation of two highly-successful Victorian activities such as the Internet Workshop and the Document Delivery Seminar. Flowers

were presented to Suzanne O'Callaghan to farewell her from the Executive and congratulate her for work she has performed over the past three years in the editing and production of the highly successful newsletter *Health inform*.

Lisa congratulated Jo Marshall, as the first health librarian to be elected president of the Victorian Branch for the coming year. Suzanne O'Callaghan farewelled

Lisa on behalf of the Executive mentioning that Lisa's commitment to the profession and professional development activities would be sorely missed.

The incoming president, Judy Stoelwinder, and her executive were welcomed. After all the presentations members enjoyed drinks, music and fine food. A wonderful close to another successful year for the Health Libraries Section in Victoria. ■

Qld Branch Council elections

The returning officer is pleased to announce the results of the elections for President and Treasurer of the Queensland Branch for 1995. Congratulations to George Eichinski who has

been re-elected as President and to Margaret Enbom, the new Treasurer for 1995. Queensland Branch council appreciates the interest shown by Queensland members in this election.

ALIA welcomes new members

During the past year the names (and later states) of new members have been included in each issue of inCite. This initiative has proven to be valuable for both new and existing members of the Association and as a result we will, from this issue be including the names of members who have worked hard to upgrade their qualifications.

So, from March 1995 it's welcome to those new members who joined the Association in January — and it is very pleasing to see just how many that is. We hope that they will speedily become involved in our activities.
