

ALIA Study Grant Award

The ALIA Study Grant Award is open to members who work at middle management level, but who do not have access to institutional support or study leave, to undertake projects they would otherwise be unable to do because of the time and costs involved. The award is available to practising professional or library technician members of the Association with a minimum of three years' experience in library and information work.

The study may include opportunity for preliminary work, local or overseas visits/consultations, attachment to another organisation, preparation of a publication, or further educational qualifications. A written report of the study is required for publication in *inCite* as well as a more comprehensive report suitable for publication as a journal article.

Nominations for the Study Grant Award close on **1 September** each year. For further information on this or any other ALIA award please contact either Sue Ridout or Carolyn Cherrett in the National Office, telephone (06) 285 1877 or e-mail enquiry@alia.org.au. ■
