Available from Haworth Press. ■

Australian Library and Information Association

Study grant award 1997

The Australian Library and Information Association makes funds available each year to support practising librarians and information professionals who work at middle management and wish to undertake a study project but do not have access to institutional support. The number of awards in any year will depend upon the funds available and the estimated costs of proposals received.

The Association's intention in offering study grants is to provide an opportunity for librarians and library technicians to undertake projects they would otherwise be unable to do because of the time and costs involved.

Application forms

Nomination forms and details of the terms and conditions of the award may be obtained from the National Office, telephone (06) 285 1877, e-mail gillian.colledge@alia.org.au.

Applications for an award should reach Gillian Colledge, ALIA National Office, PO Box E441, Queen Victoria Terrace ACT 2600 by **1 September 1996**.
