### Pre-loved reader wanted

I am seeking a supplier of second-hand microfilm reader/printer and am asking if there are any libraries within Australia that may have such a unit that they would like to sell. The microfilm unit must be of good quality, in working order, and have an Australian service agent. I can be contacted at Karratha Community Library on telephone (091) 596 850, or fax (091) 596 855.

**Nick Duncan, Karratha Community Library**

### Your voice

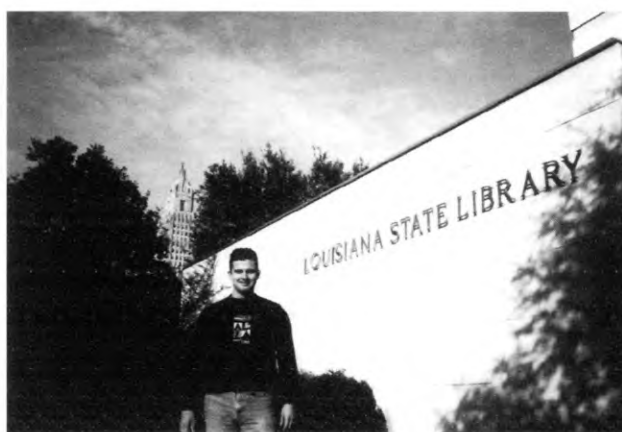

**Your letters on any issue of relevance to the library and information sector are welcomed.**

All letters should be addressed to the *inCite* editor and may be e-mailed to [incite@alia.org.au](mailto:incite@alia.org.au), faxed to 06 282 2249, or posted to: Your voice, ALIA, PO Box E441, Queen Victoria Terrace, ACT 2600. Please include your name and postal address with your letter or e-mail.

## Windcheaters going (overseas) fast

The publicity and sponsorship committee have been busy stirring up interest in our biennial conference. Windcheaters have been sold to quite a few potential overseas delegates who are hopeful of making the trek down under. For those of you still wanting windcheaters, send a cheque for \$20, payable to ALIA 1996 Conference, c/- Trevor Wakely, Bureau of Meteorology Library, GPO Box 1289K, Melbourne 3000 (indicating size L or XL).

**Baker & Taylor delegate sponsorship**  
Students and junior library staff are reminded of the generous sponsorship package on offer from Baker & Taylor. One lucky person will be sponsored to attend the Conference. For full de-

tails see page 12 of the January issue of *inCite*. Entries close Friday 12 July.

### Sponsorship opportunities...

The conference exhibition booth space is sold out! Any organisation now wishing to

have a visible profile at the library conference for 1996 should contact Convention Network to discuss remaining sponsorship opportunities, phone (03) 9646 4122. Join Baker & Taylor, EBSCO Australia, and World 1 — become a sponsor! ■

## Cuadra STAR has library software solutions so flexible you'd think they were designed just for YOU!

STAR/Libraries MARCplus and LIBCAT provide either MARC or non-MARC-based library systems.

Ready to use databases automate library acquisitions, cataloguing/indexing, circulation and serials management. You simply adapt them to suit YOUR special needs!

STAR can be used in either GUI or text-based format. STAR/Thesaurus is designed to support the creation and maintenance of vocabulary databases and conforms to ANSI/NISO Z39.19-1933.

And because you don't need a programmer STAR is cheaper than many systems to run.

### Kuring-gai and UTS Information Studies

#### BIRTHDAY PARTY

Come help us celebrate **21** years of library and information studies at Kuring-gai College of Advanced Education and the University of Technology, Sydney. Graduates, friends and supporters are cordially invited to share in acknowledging our achievements and the success of our graduates in the information industry.

A reception and dinner will be held at the new Information Studies location, City (Broadway) campus of UTS.

Friday, 3 May 1996, 7.00 for 7.30 p.m.

Enquiries and bookings:

Professor Mairéad Browne  
Faculty of Humanities and  
Social Sciences, UTS  
PO Box 123  
Broadway NSW 2007  
Telephone: (02) 330 1926  
Fax: (02) 330 2711
