

## Clip art for teacher- librarians goes electronic

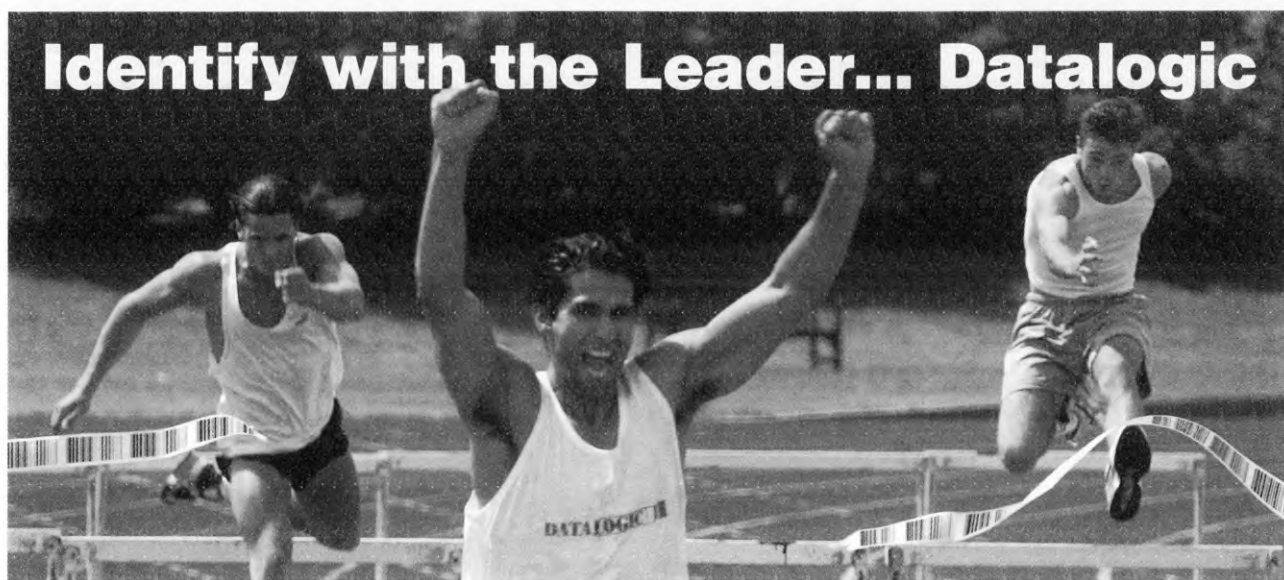

The ALIA Schools Section (NSW group) has produced the fourth edition of *Graphics for teacher librarians*. First published in 1983, *Graphics* was reprinted a number of times and is still a favourite with many people. The second and third editions followed in 1986 and 1991 — both editions are still available.

The fourth edition is the first time that the images have been made available in electronic format. As word processing and desktop publishing programs become more sophisticated it is much easier to incorporate graphics into documents electronically, rather than the old scissors and glue method.

The kit is available in both IBM-compatible and Macintosh versions for only \$14 to ALIA members (RRP \$22) from the ALIA National Office, PO Box E441, Queen Victoria Terrace ACT 2600, telephone (06) 285 1877, fax (06) 282 2249, or e-mail [enquiry@alia.org.au](mailto:enquiry@alia.org.au).

## Identify with the Leader... Datalogic

No matter how tough the task, Datalogic's performance, flexibility and reliability leads the way in the world of Automatic Identification and Data Capture.

Datalogic's worldwide resources are utilised for a solution to your project, no matter what the size.

Call us today... you've got nothing to lose but a lot to gain.

- Hand-held and Fixed Position Barcode Scanners
- Portable Data Collection Terminals
- R.F.I.D. Tag Systems
- Photoelectric Sensors and Controls
- RJS Barcode Printers and Consumables
- Strandware Barcode Label Software
- Custom Software
