Multi-purpose function in Australian Library Week

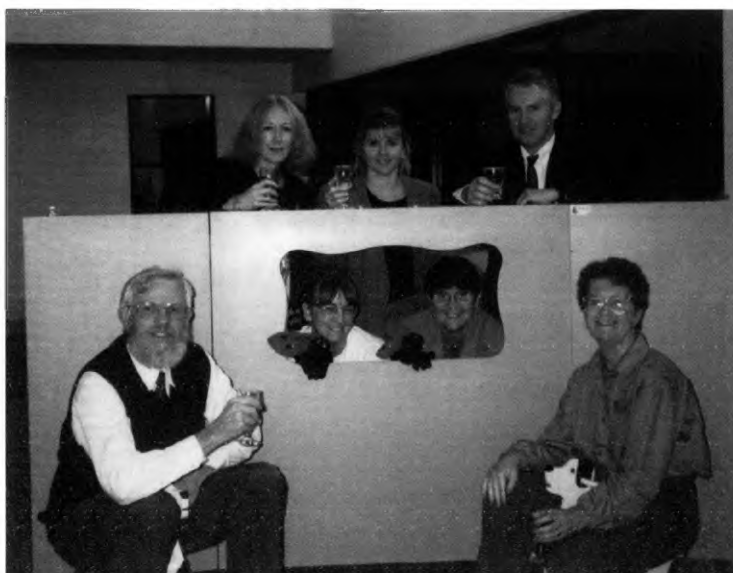

The committee of the Public Libraries Section (WA) salute the expanded facilities in the children's library at the new Riverton library

Public librarians in Western Australia celebrated Australian Library Week with a multi-purpose function at the City of Canning's new Central Library.

The evening was billed as an icebreaker and new members' night and approximately thirty members welcomed some potential recruits to the public libraries section. Western Australian group president, Duncan Furphy launched the 1997

edition of the *Union List of periodicals in Western Australian public libraries* which is compiled and published by the Public Libraries Section in Western Australia. Finally, we enjoyed a tour of the State's newest public li-

brary, a \$2.2 million replacement for the City of Canning's old Central Library, in Riverton. Library services manager Judi Willmott graciously accepted the admiration and envy of colleagues. ■

Adelaide 98: Pathways to knowledge

Call for papers and program

The July issue of *inCite* contained the 'Call for papers' for the biennial conference to be held in Adelaide in October 1998. The program committee is planning an exciting, interactive conference program which will require your input to bring that objective to fruition. The committee is interested in all types of proposals from the presentation of papers, facilitating workshops, discussion groups to panel discussions from groups of 'experts'. If you did not get a copy, please contact the Hartley Management Group Pty Ltd, PO Box 20, Kent Town SA 5071, telephone (08) 8363 4399, fax (08) 8363 4577 or sgt@ozemail.com.au.

Fringe conference

Students and new graduates will be interested in the concept of the 'Fringe' conference which will be held on Saturday and Sunday 24-25 October, prior to the full conference. The program committee is particularly interested in program proposals from students and new graduates — this will be an opportunity for these professionals to meet, exchange ideas and experiences, and to hear of the experiences of more experienced ALIA members.

The Fringe conference was last run in Perth at the first ALIA conference in 1990 and was highly successful. There will be a special registration structure to enable people attending the Fringe to stay on in Adelaide to attend the full conference.

Web pages

The conference web pages [<http://www.alia.org.au/alia/conferences/adelaide98/>] are beginning to take shape and are worth visiting for the wealth of information they now contain. Follow the links on the side frames for information about various aspects of the conference. For instance, potential exhibitors and sponsors can register their interest through the form on the pages at <http://www.alia.org.au/alia/conferences/adelaide98/trade.exhibition.html>.

The 'Adelaide' link provides a wealth of information about the city and the conference venue which is located within walking distance of the Art Gallery, Museum, State Library and universities on North Terrace. It is also just a short walk to the retail centre in Rundle Mall and the renowned restaurants of Rundle Street. ■
