

## powering our future

contribute to the information agenda → ALIA 2002

# What keeps you awake at night?

- Prospects for employment beyond libraries?
- Information literacy?
- Proving the contribution public and school libraries make to society?
- The \$ value of special libraries?
- Digital copyright?
- Web-based learning?
- The origin of the quotation: 'I always feel with Norman that I have him on loan from somewhere. Like one of his library books.'

### Sleep wiser, sleep better...

Here we can join our colleagues in framing a new agenda for our information age. Contribute as an e-delegate whether you are coming to the conference or not!
