How can the **Australian Library and Information Association** better **service** its **members**?

In October 2008, ALIA will provide all its members with an opportunity to give their views on ALIA's services through a Member Survey. Information gathered from your feedback will enable the Board of Directors to make decisions on:

- The development and improvement of services to members
- The new services which will be most value to members
- The existing services that best support ALIA's members.

ALIA strongly encourages you to participate in the survey. Have your say in the future directions of ALIA's member services and be in the running to win a \$500 prize. Members will receive their survey via email or in the post.
