ALIA Annual Report 2007

The April issue of *inCite* traditionally brings our Annual Report and financial statements. The 2007 Report is part of this issue, giving a snapshot of the year and recognising our advancements, achievements and award winners. In 2007 we again achieved a clear audit and a surplus outcome for the Association.

Under new accounting rules we are able to provide members with a concise financial report in addition to the complete financials and all notes that are available from the ALIA website.

We are looking forward to making 2008 an even more successful year, business-wise. We will be focusing on our goals for the year as outlined in the 2008 Plan <http://www.alia.org.au/governance/plan.2008.pdf> and I hope that all of our members can assist us in achieving these goals.

Sue Hutley
Executive Director

Colleagues, friends and relatives from around Australia joined Associate Professor Gillian Hallam at the Queensland University of Technology to celebrate her elevation to the distinction of Fellow of the Australian Library and Information Association.

Sue Hutley, Executive Director of the Australian Library and Information Association, presented Gill with her award at a ceremony held during the Beyond the Hype 2008: Web 2.0 Symposium. Appropriately for such a symposium, the audience was then treated to a video

tribute by Roxanne Missingham, ALIA President, downloaded from YouTube. You can see the video at <http://au.youtube.com/watch?v=ulMT7xo0z10>

Gillian is a most worthy candidate for the award of Fellow of the Australian Library and Information Association. Her career and the objectives of the Association have followed close and harmonious paths, and she has made an outstanding contribution to the development of the profession.

Sue congratulates Gillian

Roxanne joins proceedings through the wonder of modern technology

The Board of Directors may confer the distinction of Fellow on a member who, in the opinion of the Board, has reached an exceptionally high standard of proficiency in library and information science and has made a distinguished contribution to the theory or practice of library and information science. To find out more about the award, find past recipients, or to nominate a suitable candidate, see the ALIA website at <http://www.alia.org.au/awards/fellowships/>
