### CUBE DISPLAY SYSTEM

### NEW CURVED DISPLAY SYSTEM

**Abax Systems**

#### Our philosophy

- **We listen**
- We work with you
- We work for you
- **We deliver**

CUBE is a square-built system. Available with flat shelves, display shelves (or a combination of both). This unit can blend with any environment. The form and quality of CUBE creates a unique storage and presentation system that stands above the rest!

Empty inner space: The centre of the CUBE is open, it can be built around a column therefore utilising often wasted or redundant space. The inner space is standard 320 x 320cm, but when you want to build the CUBE around an object of a different size, units can be made to suit.

#### CUBE DISPLAY

As with all Abax display units, CUBE is uniquely designed and constructed with genuine craftsmanship and attention to detail. CUBE offers three different storage and display options. Flat Shelves, Angled Display and Slatwall Display Inserts. Custom signage and display inserts are also available to be made. Choose from a wide selection of finishes in Melamine, Veneer, and powder coating to suit your particular decor.

#### STANDARD DIMENSIONS

- Overall dimensions = 1950mm H x 915mm W x 915mm D
- Shelf width = 595mm
- Shelf depth = 250mm
- Display shelf depth = 250mm
- Custom heights and sizes available under the Standard Dimensions

#### FEATURES

- Durable construction
- Stylish design
- Wide choice of colours
- Units can be all flat shelves, all display shelves or a mix of both
- Slatwall Display Back panels available
- Canopy tops and shelves available with title strips
- Shelving adjusts in 15mm increments
- Custom designed and configured units to suit your needs.
- **Ask about our new curved display system**

For more information, a quotation or to arrange to have a representative discuss your particular needs on site, please contact us by phone, fax or email.
