

Looking for  
**INSPIRATION?**

Need some fresh ideas to inspire you on how your library could change its design to meet the needs of your members? In his book *Improbable Libraries*, Alex Johnson – whose parents were both librarians – maps out the history and future of the 21st-century library revolution. You may be surprised where and how libraries all over the world have evolved. Boats, camels, phone boxes, rail stations, hotels, pre-fabs, pop-ups, pubs, people’s palaces and even your own back garden could become venues for the libraries of the future. ☘

*Improbable Libraries* is published by Thames and Hudson, rrp \$35.00.
